You look new here! Come along and learn about the **Praise Factory** curriculum--affordable, flexible, quality, Christian curriculum for pre-school and elementary age children.

The idea for the Praise Factory came from  
a psalm--Psalm 100.

Psalm 100

(v.1) Make a joyful noise to the Lord, all the earth!

(v.2) Serve the Lord with gladness!

Come into His presence with singing!

(v.3) Know that the Lord, He is God!

It is He who made us, and we are His;  
we are His people, and the sheep of His pasture.

(v.4) Enter His gates with thanksgiving,  
and His courts with praise!

Give thanks to Him; bless His name!

(v.5) For the Lord is good;  
His steadfast love endures forever,  
and His faithfulness to all generations.

**Psalm 100 encourages us to be manufacturers of noisy joy unto the Lord (v.1). To sing (v.2); to know (v.3); and, to worship the Lord with thanksgiving and praise (v.4), that the witness of His great faithfulness might continue through all generations (v.5).**

Active minds. Noisy joy. Prayerful hearts. That's the motto of the Praise Factory. And so, since 1997, the Praise Factory has been creating curriculum to this end: to help children dig deep down in the truths of God's Word, in a way that is understandable, memorable, enjoyable. And, by the work of the Holy Spirit, we pray that it might help raise up a new generation of joyful, obedient, knowledgeable children of our great God.

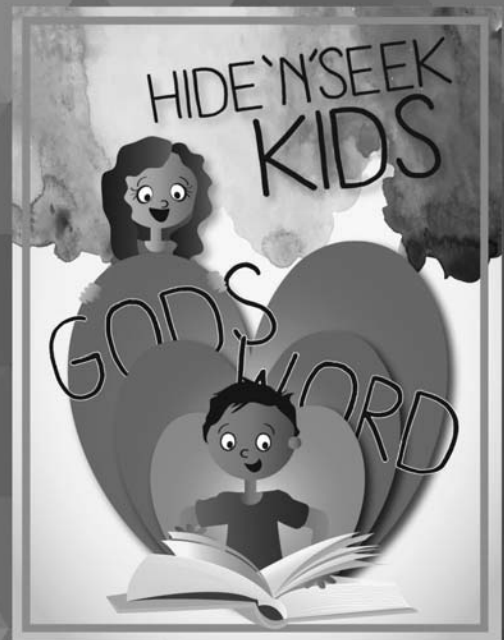

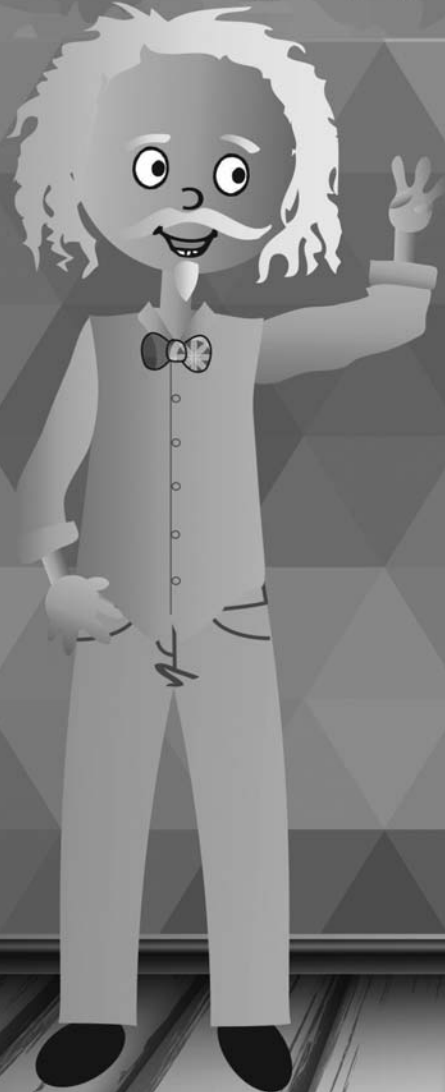

**Come on, then! Let's get started with a few basics about the Praise Factory family of curriculum. Right this way, please!**

**The kids dig deeper and deeper into the truths as they progress through the 3 curriculums.**

**We call this the Spiral of Truth because the children learn about the same themes with each curriculum, but they learn them with increasing depth and understanding each time.**

**Spiral of  
Truth**

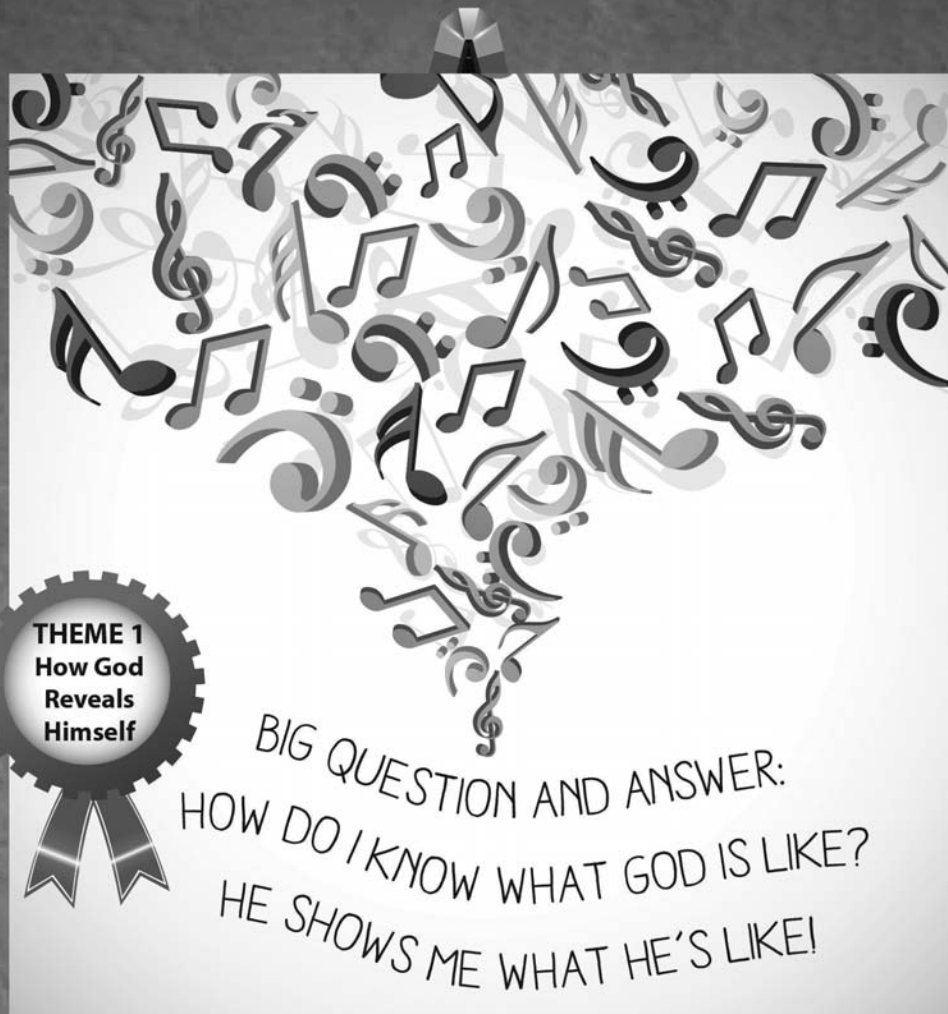

Let's take  
a look at each of  
the 3 curriculums,  
starting with  
Hide 'n' Seek Kids.  
Come on!

**HIDE 'N'  
SEEK KIDS**

**Hide 'n' Seek Kids is designed for 2-3 year olds, but is often used with 4 and 5 year olds, too.**

**Each of the 16 Praise Factory Themes is presented  
as a simple "Big Question and Answer."  
Set to the tune of a familiar nursery song, the kids learn it quickly.**

Every Theme introduces...

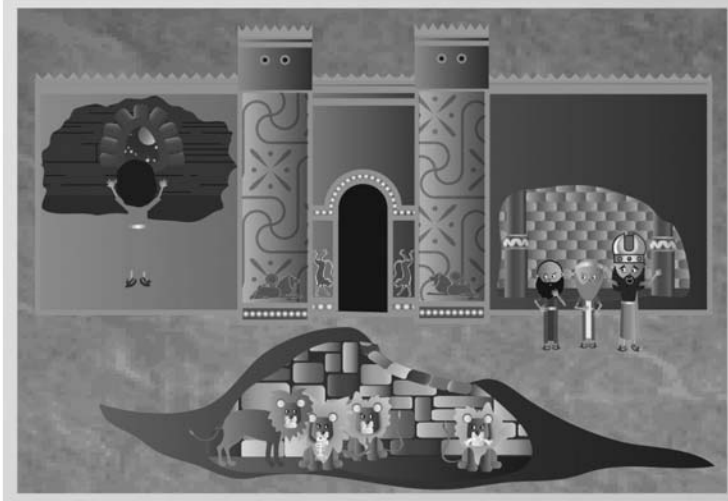

1 Bible verse

and

1 Bible story

With 16 Themes in the whole curriculum, that makes  
16 Bible verses and stories in all.

**Each story is written out, true to the Bible text, but in easy-to-understand language. Beautiful storyboard pictures bring them to life! The children love to help put these on the storyboard as you tell the story. The pictures are also used in one of the games.**

Every Theme has...

1 Lesson Plan

with

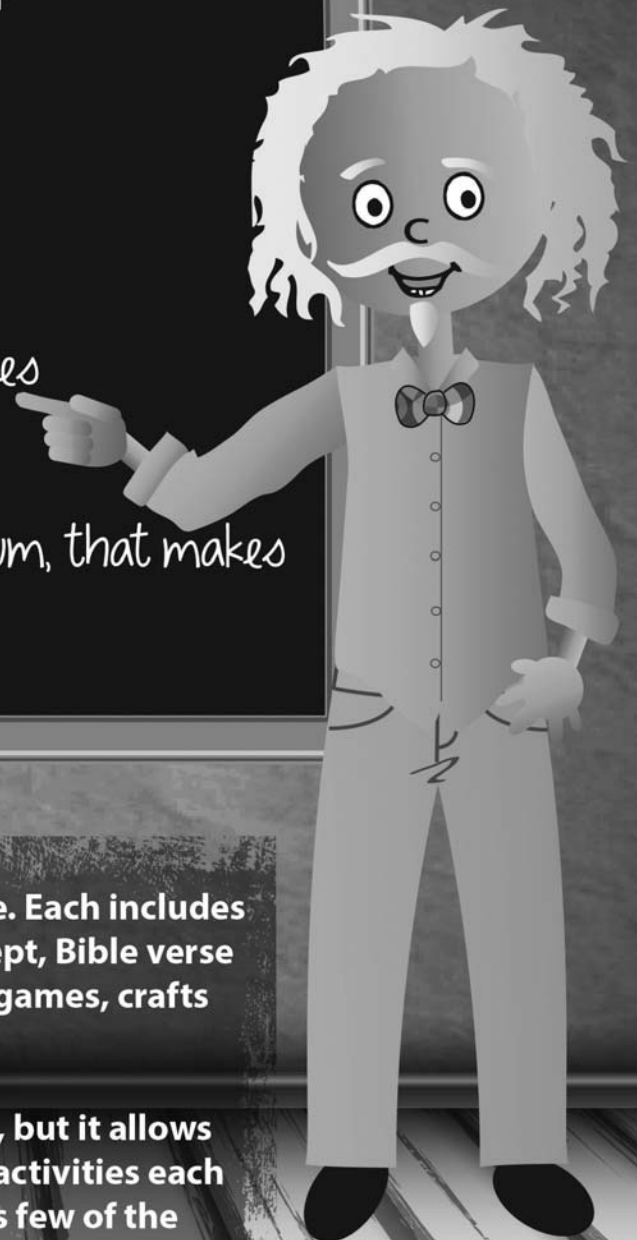

5 Sessions,  
Loaded with  
Fresh Activities

With 16 Themes in the whole curriculum, that makes up to 80 sessions of curriculum in all.

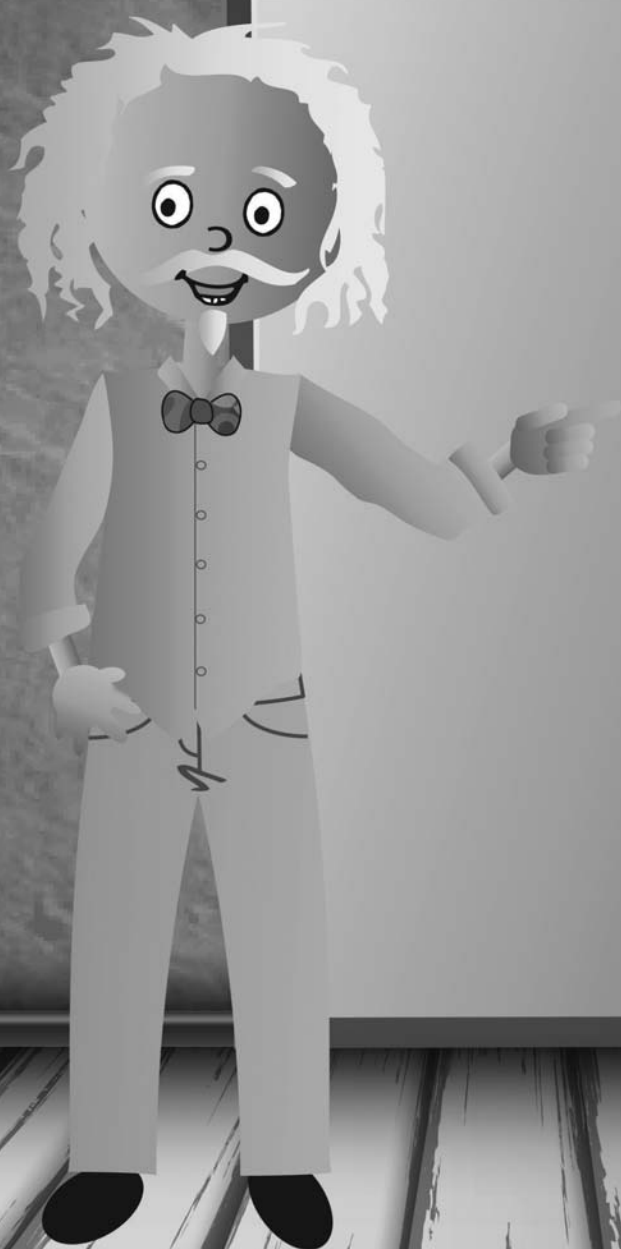

**The lesson plans are fully scripted and easy to use. Each includes 5 sessions of curriculum on the theme's key concept, Bible verse and Bible story. Each session is each loaded with games, crafts and music.**

**The repetition of key concepts may sound boring, but it allows the kids to really learn and retain them. The new activities each session keep the learning fresh. Use as many or as few of the 5 sessions as you want. The curriculum is that flexible!**

**Now you know the Hide 'n' Seek basics. Let's see what a typical session looks like.**

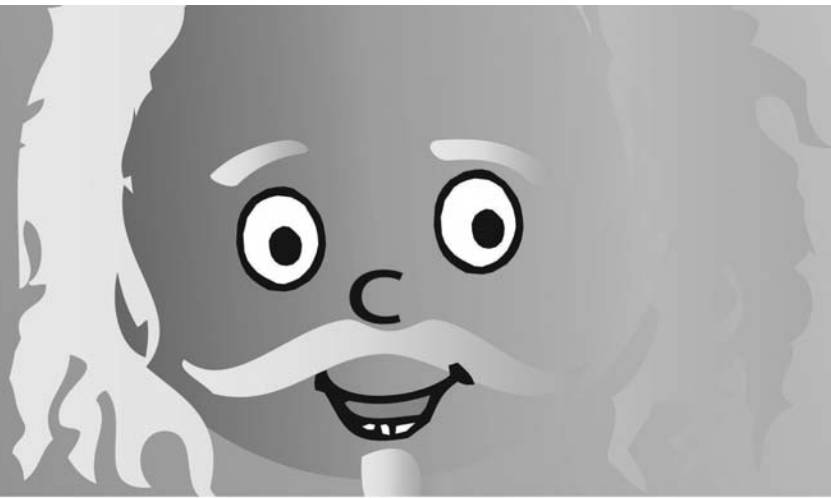

**HIDE 'N'  
SEEK KIDS  
Classroom**

**Every Hide 'n Seek session is structured the same way. This is good for both teachers and children. The predictable order helps children feel comfortable in the classroom. And, as the children know what is expected of them, classroom management becomes easier for the teachers. The familiar structure also provides a foundation of continuity, even when teachers change-- another positive, for both children and teachers.**

There are five components to each Hide 'n' Seek Kids session. They are: Getting Started, Opening Circle Time, Activity Time, Closing Circle Time and Taking It Home. Let's take a look at each.

## PART 1: GETTING STARTED

Greet the children and help them settle in the classroom. You may choose to simply make this free-play time. This is especially appropriate for very young children with very limited attention spans. Free-play suggestions are included in the curriculum.

**play a Bible verse game**

**sing the songs and move**

*"For God so loved the world..."*

**Many children come to class ready-to-go! For energetic, eager learners like these, the lesson plan suggests a Bible verse game or singing along with any of the five songs included with each Theme. There's even a movement activity to ramp up the sing-a-long fun. New children can easily join the fun, as they trickle into class.**

## TRANSITION to OPENING CIRCLE TIME

When your class is ready, begin the transition to Opening Circle Time. The Classroom Song (verse 1), provided in the curriculum, makes the transition easier and fun. The children soon learn this song as their cue to gather together with you.

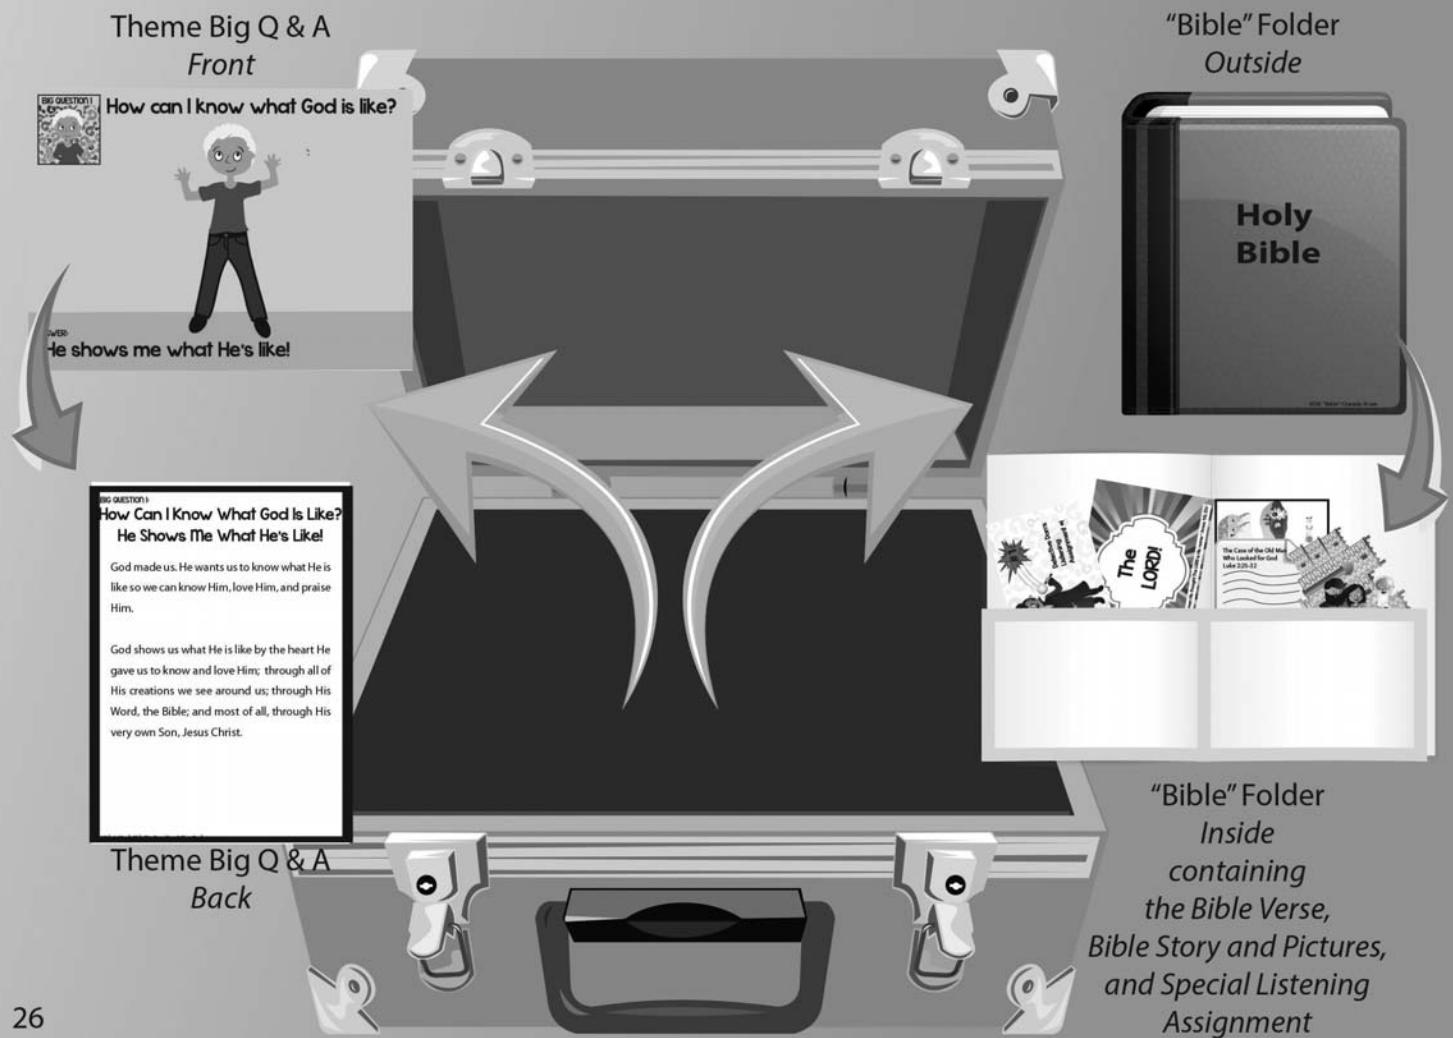

## PART 2: OPENING CIRCLE TIME

Opening Circle is the core teaching time. The star of the show is the Big Question Box/Briefcase. In it are stored colorful signs that tell the Big Question its related Bible verse, the Bible story, pictures and special listening assignment. While these truths can be presented without using the Big Question Briefcase, the kids really enjoy the light detective flair. It heightens their curiosity, which helps to make their learning both fun and more effective.

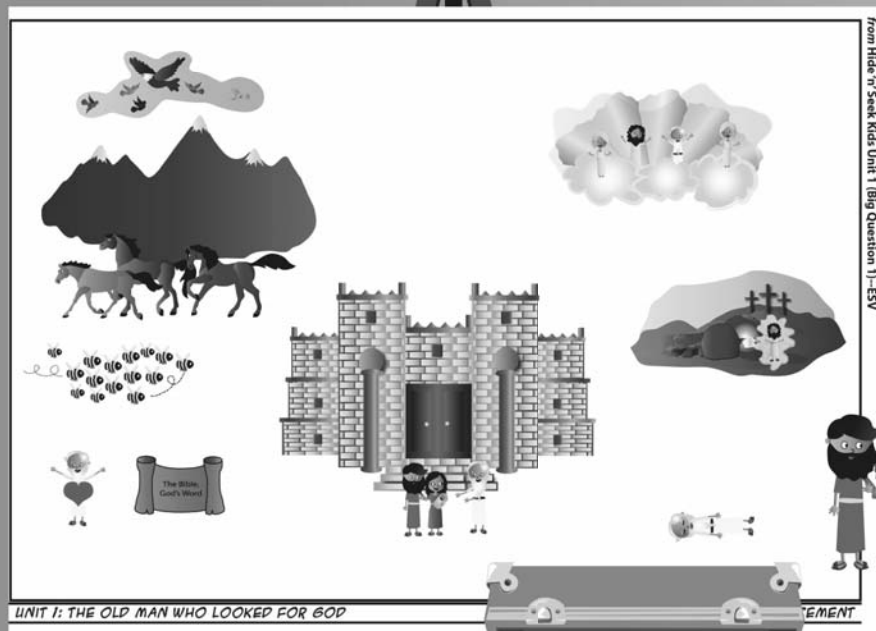

After singing the Hide 'n' Seek Kids Theme Song and the Classroom Rules Song, the class prays. The teacher leads the children in singing the fun Big Question Box song to build curiosity. She then opens the Big Question Box/Briefcase and reveals what's inside. First, a colorful picture with the Big Question & Answer is brought out. Next, comes the "Bible" folder, containing the Theme Bible verse, the Bible Story and pictures, and a special story listening assignment. The teaching points for these props are written in the lesson plan, as well as on the back of the props, themselves, for ease of use. Both the Big Question and the Bible verse are set to song, providing an enjoyable way to get the kids moving and singing as they learn these key concepts.

Now it's time for the Bible story. The teacher takes the Bible story and pictures out of the "Bible" folder. She puts the pictures up on the storyboard as he tells it. Many teachers let the children put the pictures up on the board. They love doing this! Laminate these pictures for durability. For older children, a listening question is also included. The teacher gives the children this question before he reads the story, then asks them for their answers afterwards. This adds focus and interest to their listening and can spark good discussion.

Circle time ends with a story-related gospel application and a prayer before dismissing to Activity Time.

## TRANSITION to ACTIVITY TIME

Circle Time transitions into Activity Time. This time might simply be free play time, especially for young two-year-olds. The curriculum, however, does provide a number of activities to reinforce the concepts the children have been learning in Circle Time. Whatever your activity choice, make the transition easier by telling the kids what you want them to do next, then using The Classroom Song (verse 2) as their cue to move.

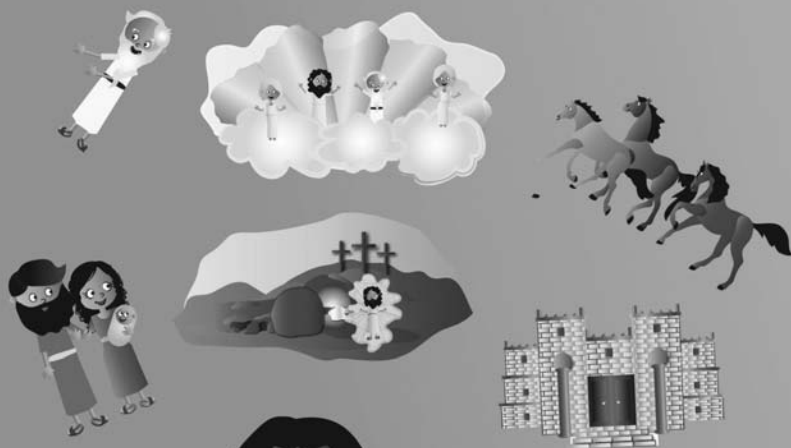

### **PART 3: ACTIVITY TIME**

There are four activity choices in Activity Time, in addition to free play ideas. The Story Review game incorporates the storyboard pictures which make the game visual as well as active. The crafts have five different emphases: one for each of the five sessions of curriculum offered with each Theme.

## **Story Review Game**

## **Craft Activity**

If you did not use the Music and Movement Activity or the Bible Verse Game at the beginning of your session, you could also choose to use them here.

"For God so loved the world..."

**Bible Verse Game**

**Music & Movement Activity**

**There's even a sheet of discussion questions which can be used with any of the activities. These can help especially older children dig even deeper into the truths of God's Word.**

## TRANSITION to CLOSING CIRCLE TIME

As your session time comes to an end, gather the children together once more for Closing Circle Time. The Classroom Song (verse 3) cues the children that the session is almost over and it's time for a final review of the key concepts they've been learning.

#### PART 4: CLOSING CIRCLE TIME

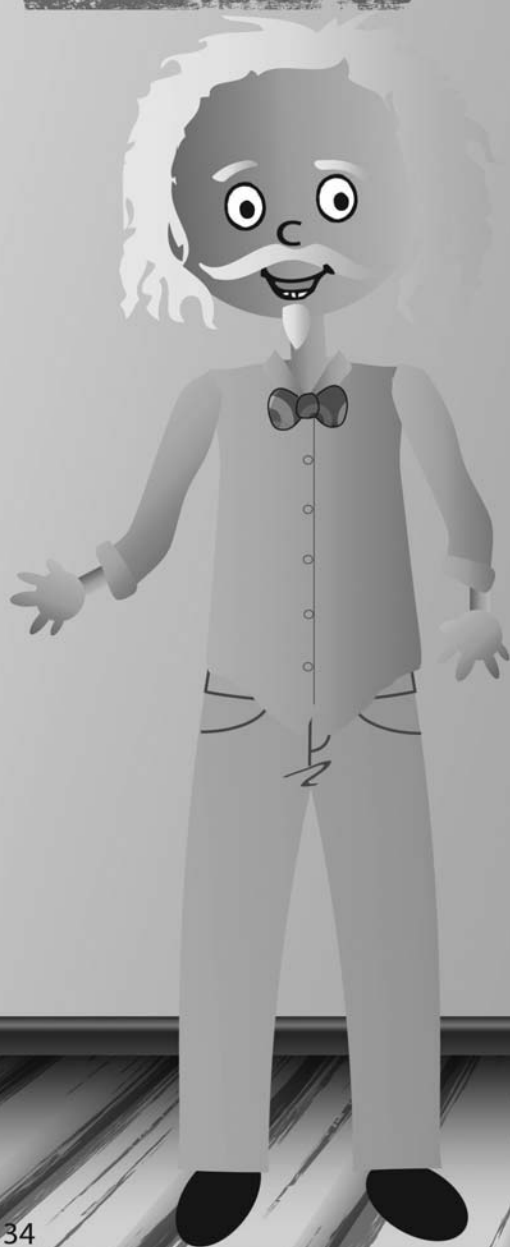

Closing Circle Time is very brief. The final verse of the Classroom Song (verse 4) is sung and the teacher reviews with the children the key concept she wants them to remember as they leave the class. Usually, this is the Big Question and Answer and/or the Bible verse. The session ends as the teacher closes in prayer.

"So what's our big news to go and tell...can you tell me now?..."

## PART 5: TAKING IT HOME

Each session has its own take home sheet. Send these home with the parents so they can know what the children have learned in class and they can continue to grow their children's understanding at home.

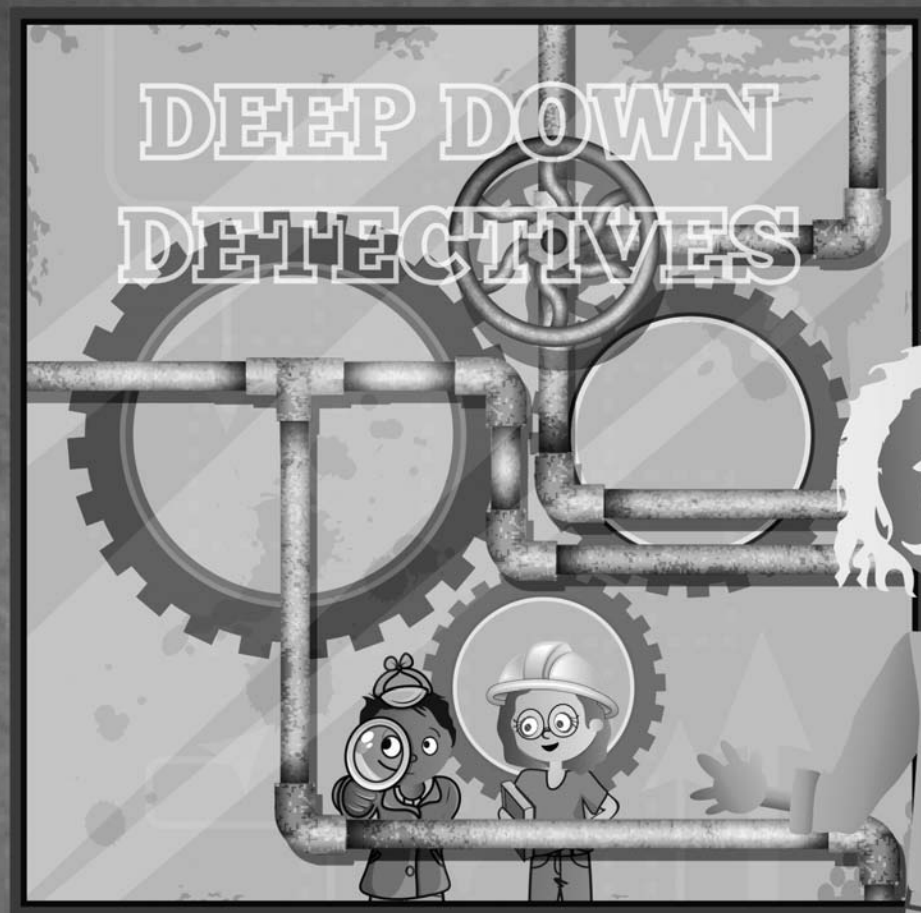

**Well, that's about it for Hide 'n' Seek Kids. Let's take a peek at the Deep Down Detectives curriculum now.**

**DEEP  
DOWN  
DETECTIVES**

**Deep Down Detectives is designed for 4-6 year olds, but is often used with 3 and 7 year olds, too.**

In Deep Down Detectives, the children learn the same 16 Praise Factory Themes. But now, each Theme is presented as a series of Bible truths. These truths deepen the children's understanding of the basics they learned previously in Hide 'n' Seek Kids.

For example....

**How Do I Know What God Is Like?  
God Shows Me What He's Like...**

Bible Truth  
#3  
Through the  
Bible,  
God's Word

Bible Truth  
#4  
Through

God's Son

Each Bible Truth within a Theme has its own Bible verse and Bible story.  
In Theme 1, for example, there are 4 Bible truths, each with its own Bible verse and story.

**THEME 1**

With 69 Bible truths in the whole curriculum, that makes up to 207 sessions of curriculum.

**The lesson plans are fully scripted and easy to use. Each includes 3 sessions of curriculum which focus on a particular Bible Truth: its key concept, Bible verse and Bible story. Each session is each loaded with games, crafts and music.**

**Three sessions of repetition may sound boring, but they allow the children to really learn and retain the truths. Each sessions's new activities keep the learning fresh. Use as many or as few of the 3 sessions as you want. The curriculum is that flexible!**

Now you know the Deep Down Detectives basics. Let's see what a typical session looks like.

## PART 5: TAKING IT HOME

Each session has its own take home sheet. Send these home with the parents so they can know what the children have learned in class and they can continue to grow their children's understanding at home.

**We're done with Deep Down Detectives. Let's learn about our final curriculum, PFI: Praise Factory Investigators.**

**PFI:  
PRAISE  
FACTORY  
INVESTIGATORS**

**PFI is designed for K-5's to 11 year olds, but is often used with pre-K 5's to 12 year olds.**

Like Deep Down Detectives, the Praise Factory Investigators curriculum teaches the 16 Praise Factory Themes as a series of Bible truths within each Theme. The Praise Factory Investigators curriculum, however, deepens the children's understanding of the Themes and their Bible truths far beyond either of the other two curriculums.

*For example....*

**How Do I Know What God Is Like?  
God Shows Me What He's Like...**

Bible Truth

Now, each Bible Truth within a Theme has its own Bible verse and three stories. In Theme 1, for example, there are 5 Bible truths, each with its own Bible verse and set of three stories.

With 104 Bible truths in the whole curriculum, that makes 104 Bible verses and 312 stories in all.

The three stories for each Bible Truth always include an Old Testament, a New Testament and a "Story of the Saints"--a story about God's people from church history or missions. The Bible stories are written out true to the Bible text, but with lots of interesting details of context and culture added. These make even the most familiar Bible story fresh. The church history/missions stories introduce the children to God's enduring work to reach the world with the gospel, up to our day and until Jesus comes back.

**The lesson plans are fully scripted and easy to use. They include 3 sessions of curriculum for each Bible Truth, all loaded with games, crafts, music and more. There are even story-related snacks!**

**Three sessions focusing on the same Bible truth allow the children to really learn and retain the truth. The new story and activities each session keep the children digging deeper and deeper into the truths of God's Word.**

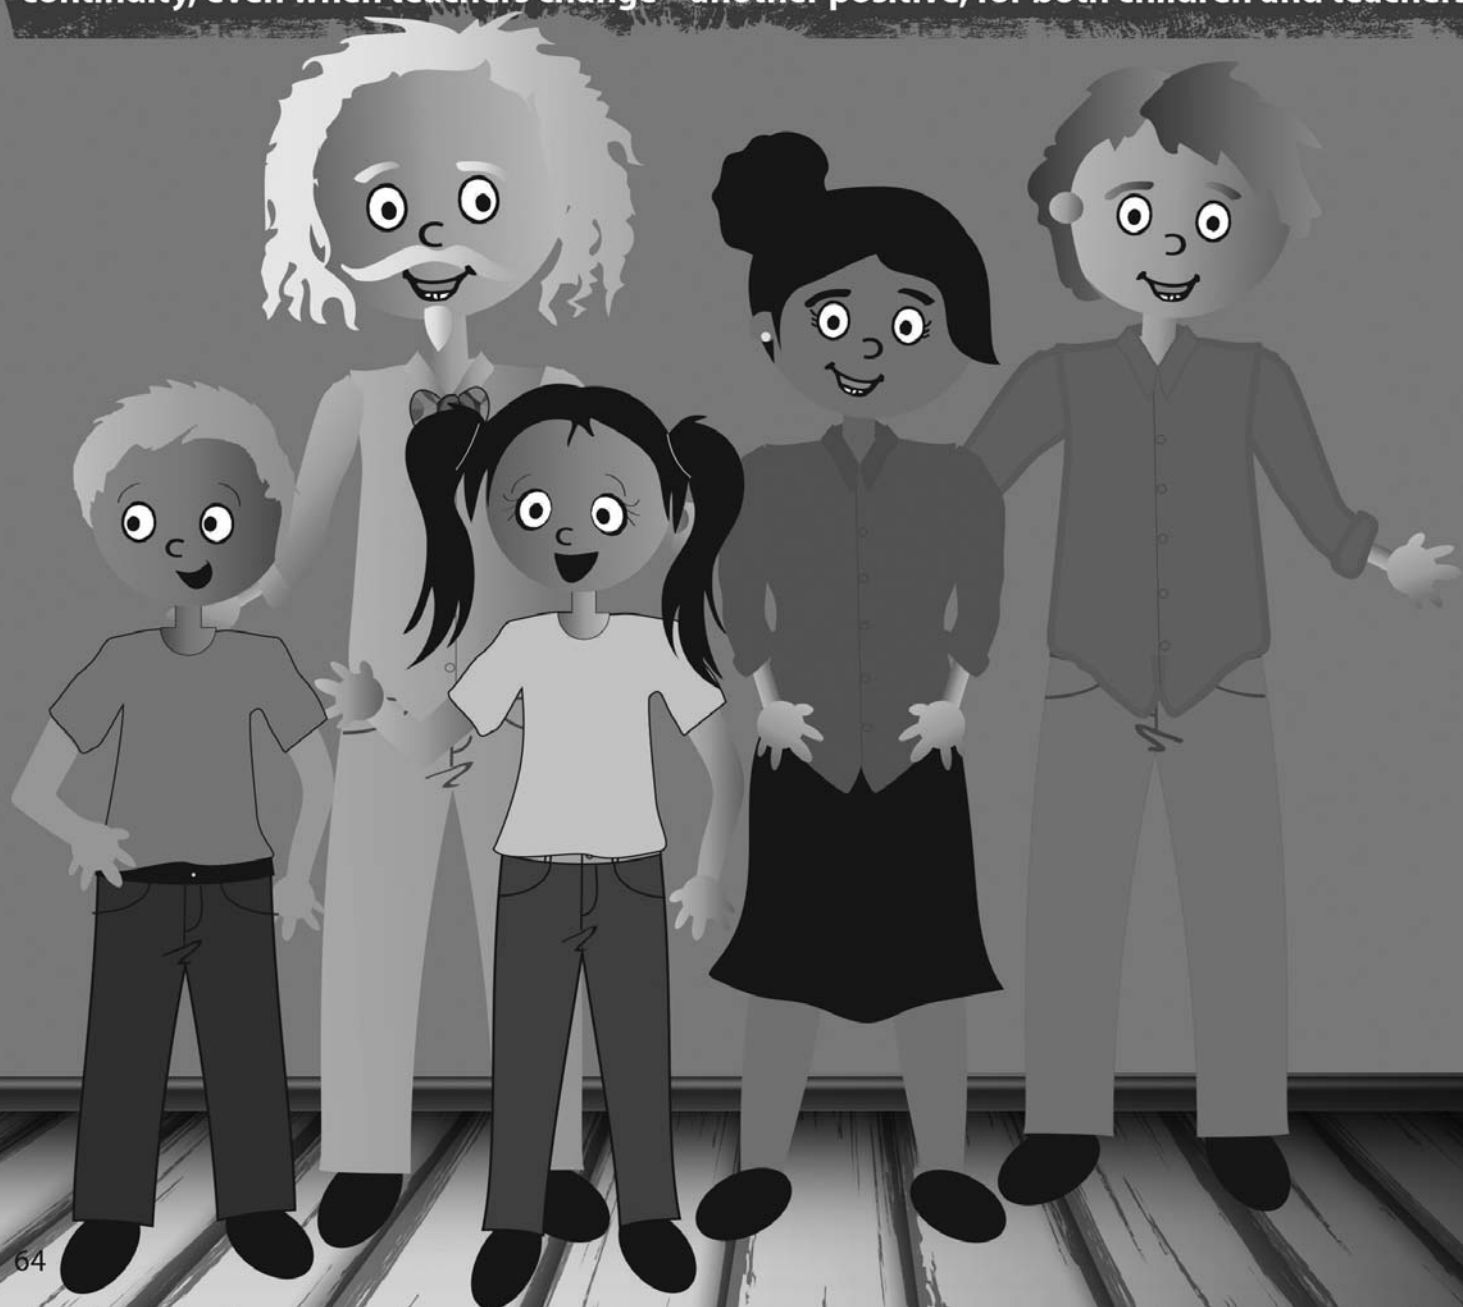

Now you know the Praise Factory Investigators basics. Let's see what a typical session looks like.

**PRAISE  
FACTORY  
INVESTIGATORS  
Classroom**

**Every Praise Factory Investigators session is structured the same way. This is good for both teachers and children. The predictable order helps children feel comfortable in the classroom. And, as the children know what is expected of them, classroom management becomes easier for the teachers. The familiar structure also provides a foundation of continuity, even when teachers change-- another positive, for both children and teachers.**

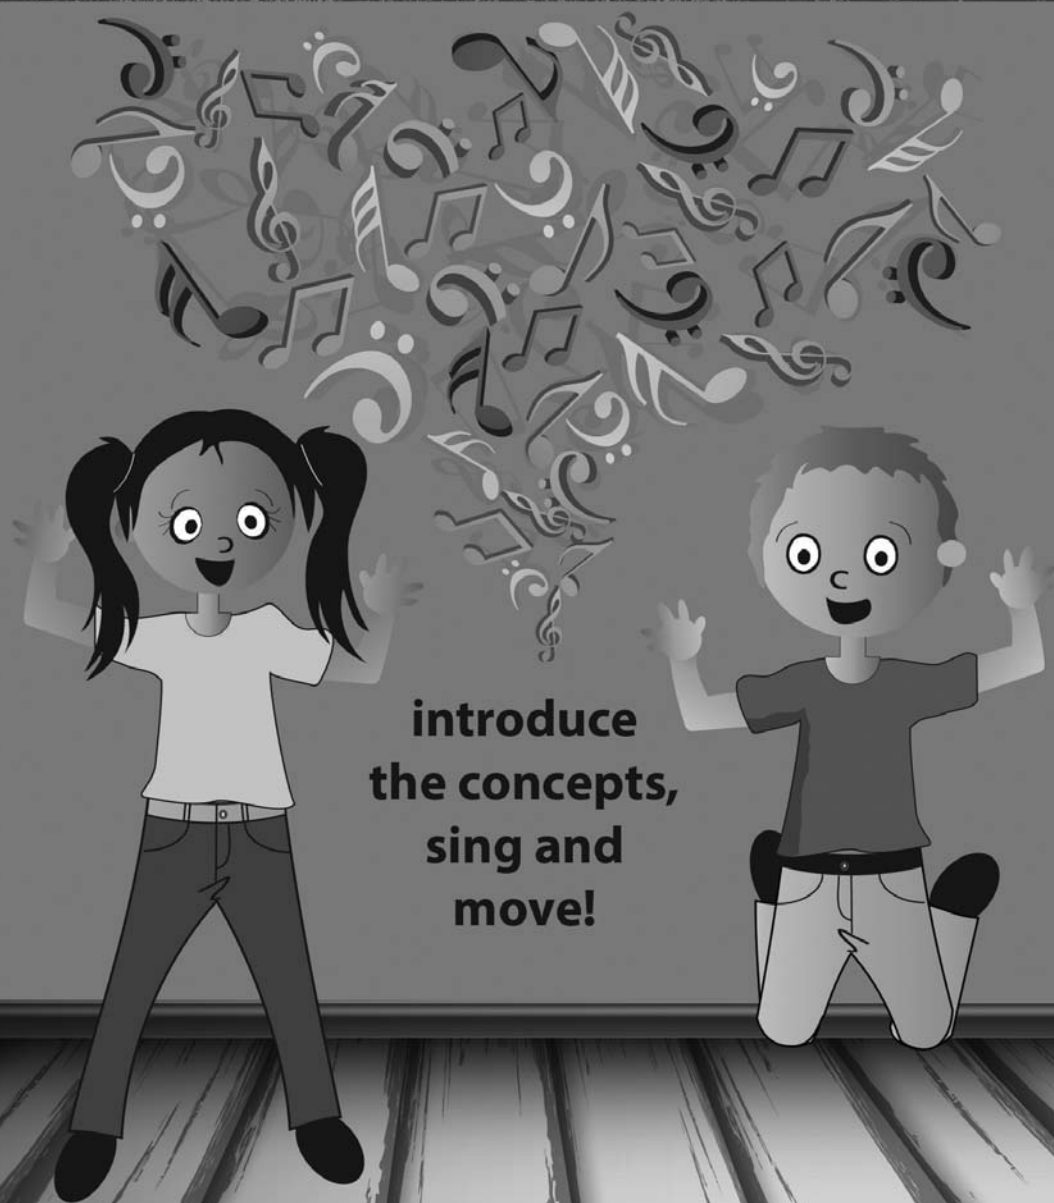

There are four components to each session: Getting Started, Digging Deep Down, Taking Action and Taking it Away. Let's look at each.

## **PART 1: GETTING STARTED**

The children are welcomed into Praise Factory Investigators with music. From the detective-sounding PFI Theme Song and the catchy WoGoLOA Rules Chant, to the Big Question Songs, Bible verse songs and hymns, children can sing their way through this first taste of the session's key concepts. Not much into music? No problem. You can skip the tunes and simply introduce the concepts.

## **PART 2: DIGGING DEEP DOWN**

Having set the scene with the Bible Truth and Bible verse, the children are ready for the sessions's story. Every story is called a "Case" and takes on a light, detective flair. The children are given two questions as a listening assignment before the teacher tells the story. When the story is finished, the children are asked to "Crack the Case" by giving their answers. Digging Deep Down time ends with a prayer before turning to Taking Action (response activities).

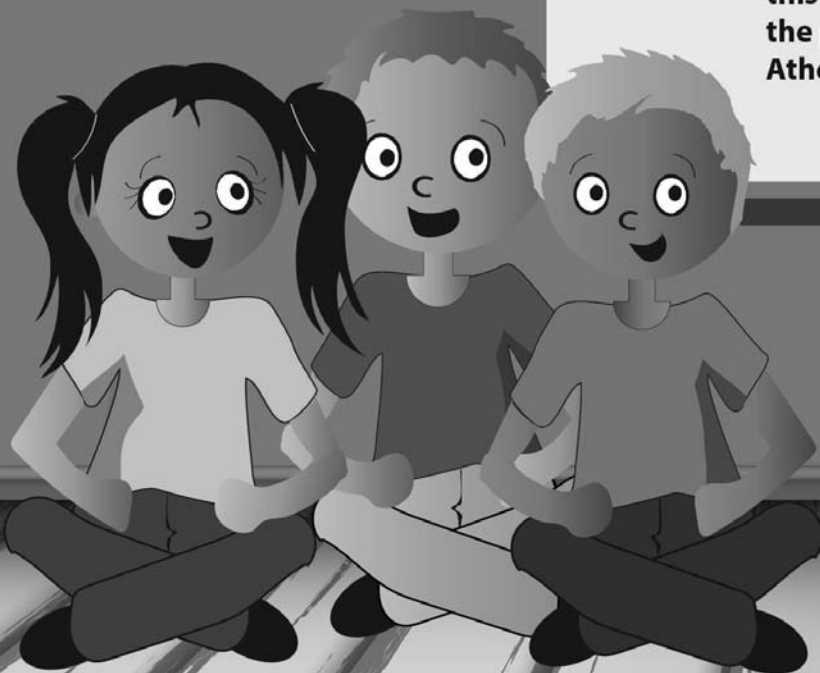

### **The Case of the Stone and the Seekers**

#### **Case Questions:**

- 1. Who first set the stone in place?**
- 2. What did Paul use this stone to tell the people of Athens?**

### **PART 3: TAKING ACTION (Response Activities)**

**Now it's time for the kids to respond and dig even deeper into the truths they have heard. The curriculum offers ten different activities for every session.**

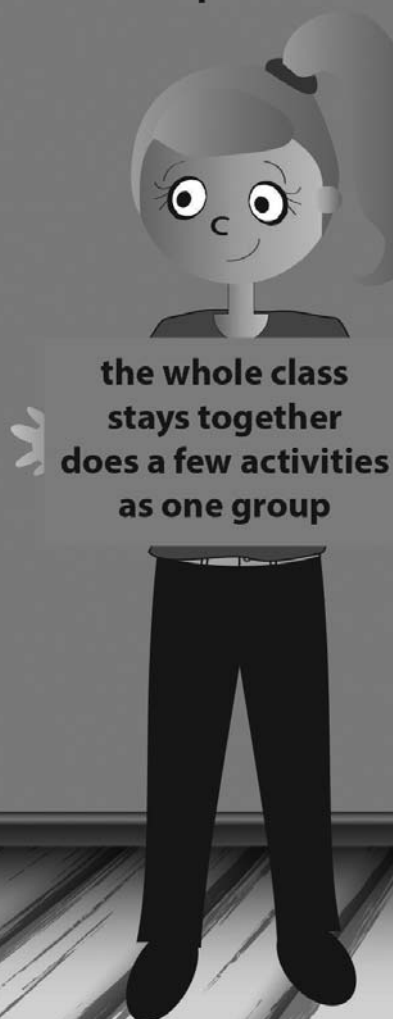

*Every session offers...*

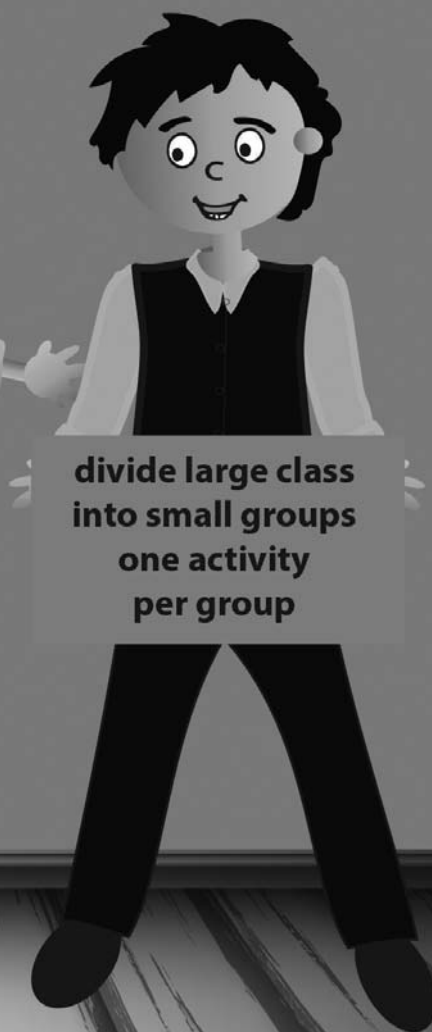

**Some teachers like to choose a few activities for the whole class to do as one group.**

**Other teachers (such as those who use the curriculum with a large class or even multiple classes of children), like to divide the children into small groups, with each group/class having their own special activity. These groups often join back together at the end of session and have the children present what they've learned to each other. This is a wonderful opportunity for the truths to be reinforced yet again...and the kids love it!**

**Option 1**

**Option 2**

#### **PART 4: TAKING IT HOME**

**Each session has its own take home sheet. Send these home with the parents so they can know what the children have learned in class and they can continue to grow their children's understanding at home.**

**Well, that's it! Hope you've enjoyed your tour of the Praise Factory.

**FAQ's  
SCOPE &  
SEQUENCES**

## FAQ's

### **Who is the author of the Praise Factory curriculum?**

The Praise Factory family of curriculum is the creation of Connie Dever, wife of Mark Dever, senior pastor of Capitol Hill Baptist Church, Washington, DC.

Mrs. Dever has been teaching children and developing curriculum for use in churches in the United States and abroad for over 30 years.

### **How do I get the curriculum?**

The curriculums are available as downloads and will also be coming available as hard copies through the Praise Factory website: [www.praisefactorycurriculum.org](http://www.praisefactorycurriculum.org) and through [amazon.com](http://amazon.com).

### **How much does the curriculum cost?**

Both the download and hard copy versions are very reasonably priced. As many elements as possible are even free. It is also photocopy-able for non-commercial, educational purposes.

### **How are the curriculums being used?**

The Praise Factory curriculums are very flexible. They are being used for Sunday School, Children's Church, Sunday and Wednesday evening programs, Bible Memory Clubs, Vacation Bible Schools, Christian school curriculum, home school curriculum, and family devotions.

### **Why does music play such a prominent role in the curriculums?**

Music is one of the most powerful memory tools God has given us. Anything set to music is more quickly learned and more likely to be retained—even into adulthood. By setting the Bible verses and the Big Questions & Answers to music, children (as well as teachers!) hold on to the very truths we are trying to teach them.

### **Are there any Praise Factory workshops where I can learn more?**

Yes! Every third weekend in March, May and September we offer a free workshop (Saturday) and observation of our Praise Factory classes (Sunday). Register at the Praise Factory website.

**How do these new curriculums correlate to the old Praise Factory curriculums?**

Hide 'n' Seek Kids is the new version of Teach, Take & Tell. Deep Down Detectives is the new version of Big Questions & Answers for little people. And, PFI: Praise Factory Investigators is the new version of the Praise Factory curriculum. The stories are the same, except that four new themes of curriculum that have been added in creating Hide 'n' Seek Kids and Deep Down Detectives. There are a number of new elements and lots of edits in all three of the new curriculums. Also, the curriculums are now available in ESV as well as the old NIV 1984. Despite these changes, the old and new curriculums have many similarities. The transition to the new curriculums should be fairly simple for those currently using the old versions.

**Why do all the curriculum names have a detective feel to them?**

Adding a light detective flair to the three curriculum has allowed us to offer listening questions to every story. The children are given "case questions" before they listen to their story, then asked the "crack the case" after they hear it. This helps the children listen with a purpose, improving their attention as well as their grasp of the main point of the story.

**Is all the curriculum available now?**

No. It is in the process of being put up online now. The old versions of the three curriculums will remain on the website until the new versions are completely up.

**Is there anyone I can contact to help me implement the curriculum?**

The three workshops in Washington, DC are the best way to get in-depth help. We are hoping to add a network of registered visitors to the website so you can find out who else in your area is using the curriculum. They may be your closest and most accessible help, outside of the workshops.

**What other Praise Factory resources are there?**

There are lots of resources on the website. Articles, ideas and training resources....and tons of music--sheet music and audio.

**What translation is used for these curriculums?**

All three curriculums are offered in the NIV 1984 (the original version used for the Praise Factory curriculum) as well as ESV.
